All bulls will be SEMEN TESTED and vet inspected.

All bulls have been DOUBLE FUSOGARD VACCINATED for footrot.

The initial and booster shots will be given prior to the sale. We believe this extra expense will be worth it for our bull customers.

SALE DAY WEIGHTS and SCROTAL MEASUREMENTS will be provided sale day.

Calving Ease Legend
Calving Ease is often related to birth weight of a bull. This is partly true but there are other factors that influence calving ease. The dam and her management are at least 50% of calving ease. Also, the consistency of the birth weights of the sire and dam should be considered. Nutrition, gestation and environment all influence birth weight. We have rated each bull in the sale based on the information we have.

*** Should produce minimal problems when bred to moderate size first calf heifers
** Recommend for second calvers or smaller framed cows 1100 lbs to 1300 lbs
* Recommend for mature cows 1400 lbs plus

Delivery Options
A. If you wish you may take your cattle home sale day or within a week and receive a $100 discount per purchase.
B. Bulls and Females will be delivered free of charge up to 250 miles, further at cost. Delivery usually commences 2 –3 weeks after sale.
C. Bulls may be kept at Ter-Ron or Redrich free of charge until May 1, after that, $3.00 per day will be charged and animals must be picked up by the purchaser.

Ter-Ron Farms

Announcements: Changes of information contained in this catalog will be corrected by announcements from the block at sale time and shall take precedence over any printed matter.

Semen: Ter-Ron or Redrich reserve the right to collect semen on any bull sold through this sale for in herd use only. This semen will be collected at the buyers convenience and seller’s expense.

Delivery: Delivery will commence in April. Please leave delivery instructions at time of settlement.

Certificate of Registry: A certificate of registry and transfer will be furnished for each animal after full payment has been made.

Cattle Inspection: All cattle carry permanent ID tags corresponding to sale Lot numbers. All shall be available for inspection prior to sale.

Females: All females are guaranteed breeders. The standard CAA guarantee will apply.

Bidding: Each animal will be sold to the highest bidder. Bidding disputes: The auctioneer will settle any disputes as to bids, and his decision on such matters shall be final.

Terms: The terms of the sale are cash or cheque. The right of property shall not pass until after settlement is made. All settlements will be made with the clerks of the sale immediately following the conclusion of the sale and before any cattle will be released from the sale facility. Each animal becomes the risk of the purchaser as soon as sold.

Guarantee: We guarantee you a sound breeding bull, if he fails to be a satisfactory breeder, we will replace him with a bull of equal value or credit towards the purchase of another bull. No refunds. Bulls are not guaranteed to freeze semen, if you have any problems with your purchase, contact us immediately.

Insurance: Will be available sale day. All bulls fed for the month of April are at the purchasers risk and must be insured.

Liability: All persons who attend the sale do so at their own risk. Neither owners, clerks, or anyone connected with the sale assumes any responsibility, legal or otherwise for damage of any kind.
Welcome

On behalf of everyone here at Ter-Ron we would like to invite you to join us Thursday, March 15, for our 13th annual bull and select female sale.

We are a family based mixed cattle and grain operation and we love doing what we do. Everyone here chips in and works towards the same goal. We feel that our role in this industry is to produce a product that is suitable for you, the commercial cattleman. We strive to raise sound, functional cattle that last for years, thus putting more money in your pocket. We cull hard on feet, temperament, and udder quality every year in our herd. We are always trying to source new, quality genetics so we can keep offering new bloodlines for you, our valued customer, as well as improving our own herd.

This year’s offering is our best to date! The quality of the bulls and females is deep and ready for your approval. Once again, the bulls and heifers are grown on a high roughage TMR ration. The bulls will be semen tested and evaluated prior to the sale and the females have been palpated.

We would welcome your visit prior to the sale and would love to tour you around the bull and heifer pens. Once again we are excited to offer both Red Angus and Simmental genetics that would be an asset to anyone’s herd. There are no bulls sold in the sale that we wouldn’t use ourselves.

If you can’t make it to the sale for some reason (which we hope everyone can!) we have a few different options. We are pleased again to work with Bohrson Marketing. They are familiar with the cattle, so we encourage you to call them. Their expertise, professionalism, and knowledge is top notch. We also have Mark Shogan of DLMS again if you would like to view or bid online. Feel free to give Mark a call prior to the sale.

We have, and want to stay in this business for a long time and we stand behind our product 100%. If you have a problem with something purchased from us, we want to be the first to know about it, and we will do the best we can to create a win-win for both parties. We value the trust you put in our program.

If there is anything we can do to assist you with your bull purchase or heifer needs, no one knows the cattle better than we do ourselves. Please do not hesitate to give Rob or Terry a call and they can answer any questions you may have. We are here 7 days a week so stop in any time.

Please join us Thursday, March 15, 2018 at the farm, 3 miles south of Forestburg, for a great line up of bulls, a hot beef lunch, and refreshments. Also plan to stay for hospitality after the sale for visiting, refreshments, and post sale lunch.

Sincerely,

Terry & Sharon Adams

- $75000 High Selling bull out of the U2 Ranch sale, purchased with Canadian Sires
- Renown possesses tremendous thickness, soundness, bone, foot size, and easy fleshing ability.
- Renown’s dam is ideal! She is a moderate framed, highly maternal cow that we would all like to have a herd of.
- First calf crop out of Renown is very impressive! His sons are the commercial cow man’s type, and the daughters are easy fleshing young females with a real maternal look.

- High Selling bull from this sale to Goad Family Farm, Corona Creek, and David Mohr  
- Bazinga is wide made, big topped and huge barreled and consistently sires early gestation cattle, a trait that is passed down by his sire, Park Place, and Grand sire, Tiger.  
- The bulls that are sired by Bazinga are “cookie cutter” similar; their consistency is amazing.  
- Bazinga is now deceased, and semen is limited, so these genetics aren’t easy to come by.

**RED TER-RON HOT SHOT 10B**

- $30000 High Selling bull from this sale to Wood Coulee Red Angus.  
- Siring easy fleshing, low birth weight, moderate framed cattle  
- Dam was Supreme Champion Female at Farm Fair 2015  
- 2016 Canadian Angus Show Bull of the Year  
- Maternal brother to Shocker 10C and Lot 130C in this year’s sale  
- Owned with Wood Coulee Red Angus

**RED TER-RON CAPITAL 50C**

- $21000 herd sire purchased out of this sale by Redline Livestock and Diamond C Liberty Angus  
- We decided to infuse Capital into our herd because of his overall quality and his great dam, Lauren 918T.  
- His progeny are dark in colour with loads of hair, and are stout, sound, functional cattle that work well in all conditions.  
- Owned with Redline Livestock and Diamond C Liberty Angus.

- This is a strong topped, thick made, long bodied bull with a tremendous spring of rib
- 15E really packs on the pounds in a very muscular and dense body type
- You will appreciate the balance and herd bull look that 15E possesses
- Maternal brother sold in last year’s sale to Adair Angus of Wolseley SK. Another top son of the 831N cow sold to Letniaks of Consort.

- Thunder 27E is typical of the Hustle cattle….massive, deep and lots of hair and style.
- If you're looking for a bull to keep some females off of, give Thunder a good look.
Sully is a must-see herd sire prospect!
He definitely is one of the favourite bulls in the pen due to his overall mass, softness, hip shape, foot structure, hair coat, and colour.
Sully has a way of demanding your attention when you walk in the pen.
His dam, 93T, is no stranger to the lime light, as she has produced previous top sellers in our sale such as the Wicked bull (Lucky 7 Cattle) and Solo Cup (David Mohr of Consort).
We feel Sully 26E is a herd bull we have to implement in our program.

Gunshot would be one of the premiere calving ease bulls in the whole pen.
We think 29E has a lot to offer, with his overall softness, length of quarter, width of top, and thickness.
His dam is a maternal sister to the Continental bull that was the high seller in last year’s sale to Circle G. She is also a sister to Bazinga.

- A feature calving ease Reverence son that really puts it all together.
- We really appreciate his correctness, smooth shoulder, and soft made look and overall body mass.
- Dark, cherry red in colour, athletic in his movement, and real strong in his fore rib, all on a very good foot.
- His dam is a moderate framed, nice uddered cow who has also produced sons that have sold to Shiloh Cattle Co, Grote Ranch, Dale McNabb, and Maynard Boese.
Here is a Hot Shot son that is soft sided with lots of muscle expression, travels on a good foot, and stands out in the pen for his attractiveness.

We feel that the Hot Shot group is a very solid set this year and 68E definitely contributes to this group.

Sleep at night calving ease with this Capital son! Dark red in colour, lots of hair and stoutness in this bull. His easy keeping, excellent uddered dam is proving to be a good producer in her young life.

There is a lot of excitement at Redrich Farms these days. It is hard to believe that it has been 13 years we have been welcoming you to our annual sale. We have seen a lot of changes and growth in that time. Our kids have grown and not only are they slave labor but also decision makers in our business. Welcoming Shania to the family this summer will be so much fun. She and Ty have fit into putting up with mom & dad everyday quite well. Even though Gus works full time in Stettler he still finds time to be home helping us when we most need it. Katie and Ryan are farming, we don’t see them as often as we would like but sure enjoy their visits when they get to Redrich. Lexi is in Gr.8 and is a lot of help now. She takes a special interest in her cows and when they calve looking for the next show prospect.

The bulls are a strong group of cow and heifers bulls for our customers. We search continually for different genetics and are confident these new sires are doing a great job. We realize there are many choices when it comes to seed stock producers and THANK YOU for choosing us and taking the time to look through our bulls.

The bulls are fed and stay at the farm until the morning of the sale. Please feel free to visit anytime, we are home because next year’s calves are coming. Call Bill, Ty or Bailey with any questions about the offering. We also have a great sale staff and they have been through our pen at home, please call them or DLMS for any assistance you may need.

See you sale day and let’s hope that the spring storms are easy on us this year.

RED THAT’LL DO UNBELIEVABLE 6U
RED TER-RON REBECCA 4T

BW: -1.7  WW: 52  YW: 83  Milk: 9  Total Mat: 36

- Rebecca is a real deep, soggy made heifer with lots of length and a lovely front end that blends nicely into her shoulder.
- When you walk through the pen, a guy sure notices this heifer. She has a real presence about her.

TER-RON HEATHER 155B

BW: 3.2  WW: 61  YW: 108  Milk: 17  Total Mat: 47

- Heather is the heaviest heifer of the group, yet she does it in a moderate, stylish package.
- This heifer is one that will be one you notice because of her overall power, rib shape, and volume.
- This one will be a herd bull maker.

- Brandy 107E would be the power heifer of the group.
- Dark cherry red in colour, super sweet fronted, lots of dimension on a big, dark foot.

- This year’s heifer offering is what we think is the most consistent group ever. We seriously pull heifers right off or close to the top of the herd and yet we are still very pleased with what we have left here on the farm.
- Diamond Mist 108E is proof of the consistency I am talking about.
- The Hustle X Diamond Mist cross has been a very good one for us.

- A beautifully patterned daughter of Reverence. This is actually the only Reverence daughter we have on offer.
- Misty blends a balanced muscle shape with lots of width of top and also possesses a ton of Angus characteristics through her front end.
- Here is another heifer that you could potentially hang a halter on and be competitive in the show ring.
- Note: her mother is a black daughter of the Challenger bull, so Misty has a different twist to her pedigree.

- Rebecca 156E is an extremely eye appealing daughter of Renown with lots of middle and muscle shape and very nice teat spacing.
- The combination of Renown X the Wicked bull has really hit a home run here.
- A Renown daughter sold this past fall to River's Edge Cattle at Vermilion for $14500.
- A sister to 156E sold in last year’s sale to Jason Bragg in Texas.
- We really feel that this heifer has the capability of doing great things.

- This is the only Santana heifer on offer and she is a real sweet heart.
- We really can’t say enough about this group of heifers we have on offer.
- This is another heifer that could potentially be very competitive in the
  show ring if that’s what you are in search of.
- I think this is a heifer you will appreciate on sale day with her extra length
  & depth, softness and extension through her front end.
